

Daniel J. Berlin

Software Engineer | JavaScript Specialist | Regex Enthusiast

2703 Cambridge St | Philadelphia, PA 19130 | (302) 766-4251 | daniel.berlin@comcast.net

SUMMARY

Experienced and passionate full stack engineer, with over 5 years of experience designing custom UI/UX solutions for local as well as global companies. Prefer Next.JS or Vue but can adapt to other frameworks and proprietary systems. Eager for growth through learning new skills and gaining new experience. Seeking a challenging and rewarding role developing innovative, scalable, secure, and useful software.

PROFESSIONAL EXPERIENCE

DecisionPoint Technologies – Baltimore, MD

Senior Software Engineer *(April 2024 – Present)*

- Implemented modern frameworks like React to elevate front-end UI/UX.
- Worked extensively with RESTful APIs to connect frontend interfaces with backend services, enabling smoother user experiences and easier data management.
- Added Java, C#, .NET, and Vue.JS to my tech stack for debugging Legacy applications.

Barcoding, Inc. – Baltimore, MD

Software Engineer, End User Enablement *(June 2023 – April 2024): merged with DecisionPoint*

- Built and maintained internal JavaScript frameworks, accelerating client delivery and enhancing flexibility.
- Promoted to Team Lead; oversaw task delegation, client meetings, and solution design.
- Configured advanced barcode scanning and printing solutions for diverse applications.

Procensis, Inc. – Warminster, PA

Software Developer *(April 2022 – May 2023): merged with Barcoding, Inc*

- Modernized Warehouse Management Systems using JavaScript, HTML, and CSS, on Android and Windows platforms.
- Developed custom plugins focused on improving UI/UX and increasing productivity.
- Innovatively integrated enterprise hardware such as the ProGlove Mark Display for enhanced workflows.

Freelance – Philadelphia, PA

Web Development *(April 2020 –)*

- Built and edited websites for small and medium businesses.
